## **Step 2 : Squeezepage Setup**

## **Step 3 – Getting Traffic to your Squeezepage**

### **Method # 1 – SOLO Ads (PAID Method)**

This is my preferred and most **HIGHLY** recommended method because you'll see results **really fast**. A solo ad is a one time email blast you buy from a vendor that has created a list of people they have collected. Typically you can buy clicks packages and get the clicks delivered within **24 – 72 hours**.

This is one of my strategy to growing my list super fast. Many successful marketer were able to grow their list to the 10k subscriber mark really fast from ZERO.

Recommended that you start small first and buy 100 – 300 clicks to test the waters, if you see some results keep buying more .

To buy solo ads you can head over to

or places like [\*\*Udimi.com\*\*](http://Udimi.com) This traffic method will give you **FAST RESULTS**.

## **TAKE MASSIVE ACTION!!**

OK now that you've reached this far! Give yourself a pat on the back! I've kept the traffic generation part very simple because it really doesn't need to be that complicated. What you have now a simple YET POWERFUL strategy to start generating subscribers and making money online with a powerful responsive list.

REMEMBER These emails are designed to be **EVERGREEN** and not reference a SPECIFIC product..unlike most done for you email campaigns which can be obsolete after a few months or years. Even if you use these DFY emails many years in the future and the offer you promote no longer exist for whatever reason, just change to a similar offer and your email campaign is going to work for you :)

You can choose to promote your own offers or products however the default offers we provide have great sales copy that will convert in to sales.

Ultimately the most important thing you can do now is to take action.. Start small and aim to get your first 500 subscribers . This system works and you will see results if you take action!..

Also we will always update the products and offers from time to time so be sure to register your copy of UDFY Evergreen Internet marketing Emails V1 to get the latest email campaigns and recommended products to promote!
